Let the fire burn the self-control  
Tell me are you obscene  
Are you obscene?  
Give me champagne just to heal my soul  
And tell me if it's worth it  
If it's worth it  
So if you're ready or not  
Things keep on moving

All along my personality  
I've lost myself  
I've lost my sanity  
I don't let my head bring me down  
You might think I'm lost  
But I really don't want to be found

Call the doctor call an ambulance  
Lock me up in a cage  
But you can't stop me  
You can offer all the money in the world  
But nothing's gonna change now  
You can't buy me  
So if you're ready or not  
Things keep on moving

All along my personality  
I've lost myself  
I've lost my sanity  
I don't let my head bring me down  
You might think I'm lost  
But I really don't want to be found

My edge of sanity is very very weak  
My personality describes me as a freak  
I've been waiting for  
I've been waiting for  
Waiting for, for the time to come

My edge of sanity is very very weak  
My personality describes me as a freak  
I've been waiting for  
I've been waiting for

Waiting for, for the time to come

All along my personality

I've lost myself

I've lost my sanity

I don't let my head bring me down

You might think I'm lost

But I really don't want to be found
