Now I guess those things I said to you the other day  
were pretty nasty  
'Cause you ain't laughing and I'm sleeping on the  
couch again  
And all this arguing goes back and forth and back and  
forth  
And I wish you could just see things my way, would'nt it  
be nice  
I'd be king for a day but that'll never happen  
I realize I put you to the floor, now you're out the door  
and you don't want no more  
It's just my jealousy that's got to me and I guess I know  
I'm wrong  
Could you forgive me, just talk to me 'cause I'm  
begging you this time  
I'm sorry that I said those things that set you off  
But I guess I'm all stressed out  
I'm sorry that I never let you finish what you need to say  
Forgive me, forgive me  
We'll work it out, we'll work it out  
Now I know I could be a big pain in the ass sometimes  
But sometimes I feel like telling you to stick it where the  
sun don't shine  
And all that means is that we disagree, and that's fine  
with me  
And our little girl don't need to see the shit we do  
Regardless of who's right or who's wrong it just ain't  
cool  
But I'm here to say I'm sorry and to hope you accept my  
apology  
It's just my jealousy that's got to me and I guess I know  
I'm wrong  
Could you forgive me, just talk to me  
'cause I'm begging you this time  
I'm sorry that I said those things that set you off  
But I guess I'm all stressed out  
I'm sorry that I never let you finish what you need to say  
Forgive me, forgive me, we'll work it out, we'll work it  
out  
And all this arguing goes back and forth  
I realize it's always me creating it

And all this arguing goes back and forth  
I'm sorry that it's come to this  
So don't let go  
Don't let go of me
