Yo,

it's like

Just got paid, bounce to the crib

gott make sure, that I handle my best

tonight's the night, feel alright

Gotta bounce to the club just like that,

It's like, call my niggas in the club at noun,

they told me they were clubbin down too,

we can rendevou, at the club, like around two,

zippin on brew til hell goes loose, it's like

It's all good, it's alright,

on the weekend we can party onside,

ladies wave your hands up high the party is started, oh

yea

It's like 1, 2, three four, five, everybody in the club you

can wave your

hands high

6, 7, eight, nine, ten it's a party all night long, let me

hear you say,

the club is packed, honeys, intact,

ballers at the bar, spending off cash,

deejays spinning the wheel, what a good feel,

cause everybody feelin chill

The dancefloors breakin tonight,

all the honeys look wild,

no club fight,

only positive vibes

Wave your hands up high,

cause I wanna rock the spot tonight

N feel so good to chill sometime,

cause if it's like,

It's all good, it's alright, on a weekend we can party

onside,
