Days of no horizon  
Claustrophobia  
Conditioned air

Don't crash - no flowers for you  
Don't crash - no regrets

Gushing waters  
Forcing it down  
Days stars final flicker urging on the break of dawn

Stand fast - voices screech below  
Stand fast - no clemency

Panic stricken faces  
Diving further down into hell

Don't crash - no flowers for you  
Don't crash - no regrets

Timeless terror is taking over  
Throbbing hearts and restless bones - melted into one

Stand fast - voices screech below  
Stand fast - no clemency

Breath slowly fading  
Partly anger - partly stress  
Stand fast - air is sparse below  
Stand fast - no clemency  
Been detected  
Losing power  
Deeper down we grovel on our sweating bending knees

Don't crash - no flowers for you  
Don't crash - no regrets

Last moment cries on the radio  
It's so hot down here  
Crushing metal bloody waters  
Same faces everywhere  
Now the anger is fading

Now the fight can't go on  
We'll always be remembered  
We'll always be dismembered

Days of no horizon...
