Standing on the surface
Taking on the malice
Aiming at the fracture

Moving on the surface
Looking for an access
- It's revolving -

Standing on the surface
Breaking at the surface
Dissolve the line
Dissolve the sounds
Breaking up the movement
Closer panorama
- It's revolving -
Go away!... Go away!... Go away!... Go away!...

What do you want from me today?
Going through the tunnel of another drain
What is your purpose anyway?
Going through the tunnel of another strain

Spiral on the surface
Bouncing in a lead space
- It's gyrating -
Heading for destruction
Coming up the surface
Taking on the menace
- It's revolving -
Heading for destruction - more destruction - to
destruction
Feel the power!

Standing on the surface
Taking on the malice
Moving on the surface
Looking for an access
Feel the power!
