Recession, repression, regression  
Recession, repression, regression

Shifts of scenery  
And warning tremors of landslides

The sky comes down  
The mountains move aside  
Your kingdom slips out of your hands

The sky comes down  
The mountains move aside  
Your kingdom slips out of your hands

Your tyranny  
I was part of  
Is now cracking  
On every side

And your own life  
Is in danger  
Your empire  
Is on fire

The staggering blows  
Are shaking the walls  
Nowhere, no place to hide this time

The staggering blows  
Are shaking the walls  
Nowhere, no place to hide this time

Your tyranny  
I was part of  
Is now cracking  
On every side

And your own life  
Is in danger  
Your empire  
Is on fire

Is on fire  
Is on fire  
Is on fire  
Is on fire

There is more sand than oil in your engine  
Calm down  
Calm down  
Calm down  
Calm down

Your tyranny  
I was part of  
Is now cracking  
On every side

And your own life  
Is in danger  
Your empire  
Is on fire
