Today he has no means, he's alone and anonymous
But written in his cells he's got the marks of a genius
I'm looking for this man to sell him to other men
To sell him to other men, to make us rich and famous
To make us rich and famous, to make us rich and famous
famous
To make us rich and famous, to make us rich and famous,
famous, famous

Today he has no means, he's alone and anonymous
But written in his cells he's got the marks of a genius
I'm looking for this man to sell him to other men
To sell him to other men, to make us rich and famous

To make us rich and famous

Come on

Today he has no means, he's alone and anonymous
But written in his cells he's got the marks of a genius
I'm looking for this man to sell him to other men
To sell him to other men, to make us rich and famous
Alright, alright, yeah

One, you lock the target
Two, you bait the line
Three, you slowly spread the net
And four, you catch the man

Four, you catch the man
Four, you catch the man
[Incomprehensible]

I'm looking for this man to sell him to other men
To sell him to other men at ten times his price at least
I'm looking for a man who knows the rules of the game
Who's able to forget them to realize my aim

One, you lock the target
Two, you bait the line
Three, you slowly spread the net

And four, you catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man

Lock the target, bait the line
Spread the net then catch the man
Lock the target, bait the line
Spread the net then catch the man
