"I Give Up"

I give up
I won't look any further
than where I am.
I need to say
don't wanna hide it.

I'm gonna spend more time with her.
Give myself to her.

I wanted, but then I don't believe that
here I am.
I need to save it
I'm gonna fixed

I'm gonna spend more time with her.
(spend more time with her)
Change my life for her.
(Keep fixing for her)

I knew it, but then I don't amend it
where I am.
I need to say
I'm gonna make it.

I wanna spend more time with her.
(spend more time with her)
Tie myself to her
(My heart was set on her)

I wanted, and now I'm gettin' to say that
here I go.
I'm gonna steppin'
I'm gonna gettin'
I'm gonna fixin'
I'm gonna leavin'
