It darkens our sayings  
Curses our wills  
Forces our needs  
Lessens our skills

The untold  
Rottens our actions  
Bites our soul  
Peels our heart  
Digs our grave  
Punishes disclosure  
And never gets rattled  
It's the untold  
The untold  
Running up here  
Hanging about  
Running up here  
Seeding the doubt

The untold  
Raises our greed  
Glides on the air  
Circles around

The dive in the shelter  
The paper one crinkles  
It's the untold, the untold

Rottens our actions  
Leaks our failures

You don't believe me?
