Is This The Kind Of Work You'd Like To Do?

Tonight I meet my friends  
Together we celebrate...  
The Body Mutilated  
Another Mutilated Body  
We Have Agreed To Try Hypnosis  
Have You Gone Completely Mad?  
I wake up freezing bleeding in the basement  
O my head, I don't remember anything  
I guess the night was exciting

Listen Carefully!

When I'm clear I happen to regret  
All the losses I will never retrieve  
Hey you, hey me, carcass in the mirror  
As hard as a rock and selfish to the core  
Water, Water Everywhere  
I've been waiting for the good times

I Nostri Sogni Sono Sempre Presenti  
All The Bodies Mutilated In The Same  
Obscene Manner
