He's a freak  
not a man  
antihero  
a syncopant?

after dark  
comes the man?  
masked invader  
feel the hand

New horizons  
endless thoughts  
self will burnout?  
transmits ?

Through a black hole  
while you speak  
supernova  
sight is weak

"I fear life. I mate, I die. Thank you, Fuck. Big Asshole,  
No."

"I fear life. I mate, I die. Thank you, Fuck. Big Asshole,  
No."

Hes a freak  
not a man  
antihero  
lives in a can

after dark  
somewhere ?  
masked invader  
feel the hand

kill the man  
feel the hand

kill the man
