Understand with reason
Cause their ain't no way of pleasin'

Cause the thing that's in effect
Turns out to be respect
Gotta get up
Gotta get down
Gotta put the fear

In the ground
Also weak in their minds
Also fake, also blind
Lies and lust and hate
In the end it's too late
All the tears that were wept
All the friendships that were swept

Was it worth it was it swell
Only time and death will tell
And we reach the final sum
After all is said and done
Take Your heart in Your hand

And alone You will stand
