we fight  
we rule  
symbols of depression  
don't will to conquer  
like borders obsolete  
species from the earth  
eradicate exterminate all  
in the name of progress

we call peace  
These Islands collapsing  
we burn, we rape, obliverate  
our conscience heavy  
we take and take...  
the silence collapsing

no turning back  
the damage is done  
you can't choose life  
no will to run  
These Islands collapsing

our conscience heavy  
we burn, we rape, obliverate  
we take and take...

the silence collapsing  
no turning back

the damage is done  
no will to run  
you can't change life

freedom isn't freedom isn't freedom isn't freedom isn't  
...

these Islands collapsing  
we take and take...  
we burn, we rape, obliverate  
our conscience heavy

these Islands collapsing

no turning back  
the damage is done  
you can't choose life  
no will to run

these Islands collapsing
