Sedated with fluid
Wait for the pain

Temperature rising
Nothing to gain

Riddled with pills
The brain starts
To bleed

Dissolved in the rising
Kills all their needs

Chorus:

Another day passes
Another dream falls
Despondent whispers
Tear down the walls

Walking through minefields
Move straight ahead
A frantic implosion
Rops through your head

Collapsed from the inside
The wound is deep

A drug of sorrow
Afraid to speak

A creeping distinction
The man next door

Permanent meltdown
Head on the floor

Prechorus:

Fill the need
It will outlast you
Fill the need

It's gonna blast you
Fill the need
It's gonna need you
Fill the need

1x chorus:

Right about now
You're gonna move it
Right about now
You're gonna lose it
Right about now
You're gonna do it
Right about now
You'll push thru it
