Unearth the vile of anger  
Inside surveillance begins  
Abide the urge you want  
To breathe from within  
Exhume the will of saints  
You cannot ever prevail

We pass away but want to stay  
On this remembrance day

Absolved from the lesson  
We watch the living fall  
Existence finds no shelter  
Embodied from resolve

Out cast from the shadows  
Drawn within yourself  
Where no one else can find you  
Lost within yourself

The army that you needed  
To lead a certain way  
don't look behind you  
nothing's here to stay

And as your breath, slips away  
I have to say  
Could it, have ever been so right?

Banished to extinction  
A prayer for us all  
Transparent and demented  
Waiting for night to call

Unearth the vile of anger  
Inside surveillance begins  
Abide the urge you want  
To breathe from within

Out cast from the shadows  
Drawn within yourself  
Where no one else can find you

Lost within yourself

The army that you needed  
To lead a certain way  
don't look behind you  
nothing's here to stay

Out cast from the shadows  
Drawn within yourself  
Where no one else can find you  
Lost within yourself

The army that you needed  
To lead a certain way  
don't look behind you  
nothing's here to stay

And as your breath, slips away  
I have to say  
Could it, have ever been so right?
