A quiet moment

Fills the air

This tolldrum

Of our existence

The faith we lost

In time of fear

Mesmorized by

This resistance

No reason now

For despair

This final messages

Of persistence

We pray we hold

Onto this dream

This evolution

Of persecution

Strained emotions

Riddle your mind

Hanging on with

Steel persistence

The red in their eyes

Constricts the flow
This frozen ground
Of true conviction
Shadows of men
Moving through dirt
This human target
Of extinction
A final shot is
Solemnly heard
Who will get his
Final word
The earth covers
The shattered remains
Life and death
Are really the same
The pain you feel
Is not for real
The moments you spent
Wondering how it would all end
In a time
In a place
In a state
Of honor and grace
In a breath
In a death

In a sound
