A light
In the universe
Transmits
New codes
Systematic predator
Now unfolds
Protectors
Of the universe
Eternatize by myth
New genetic mutations
Informs of monolith
Lifeless and fallen
Bodies lie still
Waiting for rebirth
To strike at will/to kill
Floating in a sea of bliss
Emerging mysteries
The epidemic copulates

Spreading the disease
Mechano eroticism
Decadent anarchy
The final solution is evolution
Foreign intruder
A new persecuter
A vastness scars the earth
Illusions so decayed
So empty and perverse
Not a sound is heard
Two ships collide in the night
Smoke fills the air
Lost in space
In a darkened void
No one seems to care
