A light  
in the universe  
Transmits  
New codes  
Systematic predator  
Now unfolds  
Protectors  
of the universe  
Eternalize by myth  
New genetic mutations  
Informs of monolith  
Lifeless and fallen  
Bodies lie still  
Waiting for rebirth  
To strike at will / to kill  
Floating in a sea of bliss  
Emerging mysteries  
The epidemic copulates  
Spreading the disease  
Mechano eroticism  
Decadent Anarchy

A vastness scars  
the earth  
Illusions so decayed So empty  
and perverse  
not a sound is heard  
Two ships collide in the night  
Smoke fills the air  
Lost in space  
In a darkened void  
no one seems to care  
The final solution is evolution  
foreign intruder  
A now persecuter
