Faces of a thousand people  
The sickness in their mind is real  
We fight and struggle to survive  
This cultured way of suicide

This faith is real  
The betrayal

As we fall from the sky  
Our lives pass by  
Emerging from this vision  
Life is stranger than death

Abusive statements form the ranks  
Intimidation has its way  
The sun comes up another day  
Just to fade away again

This faith is real  
The betrayal

As we fall from the sky  
Our lives pass by  
Emerging from this vision  
Life is stranger than death

Decades gone by nothing changed  
Mankind cruelty is still the same  
Seeking shelter from this day  
Tomorrow victims are here to stay  
Another lonely night appears  
You close your eyes with hardened tears

This faith is real  
The betrayal

As we fall from the sky  
Our lives pass by  
Emerging from this vision  
Life is stranger than death

As we fall from the sky

Our lives pass by  
Emerging from this vision  
Life is stranger than death

The world as we know  
The world as we know  
The world as we know  
Has been destroyed  
Has been destroyed  
Has been destroyed
