Your skin lights up the darkened sky
A mirror of the scene
You light the flame, now you're to blame
'Cause nothing will ever be the same

You burned it down to the ground
But nothing has remained
The cause and effect that you reject
It all burns just the same

Fire
Fire
Fire
Fire

Your lurking shadows
Become dissolved
Pyro fixation
Burns them all

Singeing hair smells like you care
Be glad that you're not there
You strike a match, close the hatch
You're totally insane

Another burn starts the yearn
Feelings always the same
You like it hot and watch it rot
You love to play the game

Lurking shadows
Become dissolved
Pyro fixation
Burns them all

[Incomprehensible]

Your skin lights up the darkened sky
A mirror of the scene
You light the flame, now you're to blame
'Cause nothing will ever be the same

Fire
Fire
Fire
Fire

Smoke is deep
Life is cheap
Smoke is deep
Life is cheap

Lurking shadows
Become dissolved
Pyro fixation
Burns them all

Lurking shadows
Become dissolved
Pyro fixation
Burns them all
