A jaded generation dissolves the unknown
Neurotic deprivation, no one left to own
Sinking endlessly into infancy

Let's come together
Let's come together

Narcotic imbalance, the energy is strong
Resilient and defiant, this claustrophobic song
So cold is the water, crouched into a ball
Like fragments of illusion, we all start to fall

Let's all come together
Let's all join hands
Let's all march together
Let's do the war dance

Let's all come together
Let's all join hands
Let's all march together
Let's do the war dance

The universe
The stars
The planets
Civilization

Let's all come together
Let's all join hands
Let's all march together
Let's do the war dance

Let's all come together
Let's all join hands
Let's all march together
Let's do the war dance

Let's come together
Let's come together
Let's come together
