Infected and rejected
The pressure gets to you
Disjointed and erected
Protection from the mutes

Wasted and exhausted
A new attitude
Restrained to the table
I V 's running through

This vision is alive
This will survive

Convulsion through the victim
The testing is new
Schizophrenic apprehension
The tension grips you

Agitation, isolation
The methods are crude
Execution, evolution
State power rules you

This vision is alive
This will survive

Restitution, persecution
What else is new?
Termination of the nation
It's all up to you
