Come along-I'll take you to the slaughter
Merciless and heartless...you'll remember me

I hear you crying and trembling
Among the blindmen praying for death
You raised your hand against The Creator
Don't count on mercy, you fool

Dirty, bloodstained butcher
Sweeps the blood off his hand
I'll turn your life into nightmare
Destroy your dreams, you will burn at the stake

Beg...cry, cry, cry, cry
Hollow and empty head
Shining skull is what I want to see
You raised your hands against The Creator
Don't count on mercy, you fool

With bleeding eyes and no mercy
Today I'm bringing you torment
I am the demon of sorrow
For all the sinners...I'm sending back to Hell

Beg...cry
You will burn at the stake
