Behind the snow-covered mountains.  
In the valley of mist,  
Grows the blackpowdered frostwinds  
Ready to burst, ready to attack.

Seconds before the winterstorm,  
The power comes to me.  
I rule over the northern frostwinds  
Controlling it's journey, the frost-bitten anger.

[Chorus:]  
This battle against the wicked weak.  
Attacks the world of decay.

Hordes of demonic Power  
Attacks the world of decay.  
This battle against the wicked weak.  
Strengthen my soul,  
The madness within me.

[Repeat chorus.]
