Harvester of sorrow, my life turned to grey  
The light of tomorrow is gone... definitely away

Hey, come here.  
Don't let me tell you twice  
I didn't want your fear...  
.but your useless happiness

Feel my presence... try to pull it down  
Hear my whispers... are calling you down  
A sad story to remember... my worst side of life

Take a look at the Sun  
Don't look at me.  
Don't look at anyone...  
Is there someone able to look at it without feeling pain?  
Maybe try it again...

Harvester of sorrow, my life turned to grey  
I feel the end is closer now but... I need another day

I need another day to get what I want  
I want another life to scare everyone  
...and let me feed... and let me go  
Let me try another day of blood
