I read you
god im good at it
Im so spot on
cold shapes of air
caress that discelense
if you dare

and you...breath in
feelin so innocent, from apartiay
Im high enough from all the waitin
to ride away when you're in heaven
and im high enough from all the waitin
to ride away when you're in heaven
cuz i love you, boy
cant help but love you, boy

what part of love dont u understand?
ive told you before
just get off my case
this isnt happening, stop this now
and i will reside
i have to be somewhere
now where did i put it

Im high enough from all the waitin
to ride away when you're in heaven
and im high enough from all the waitin
to ride away when you're in heaven
cuz i love you, boy
cant help but love you, boy

is this it, is it?
is this is, is it?
is this it, is this it, is this it, is this it?

yes, hello we're back
and we're taking calls,
now what was the question?

and im high enough from all the waiting
to ride away when you're in heaven

and im high enough from all the waitin
to ride away when you're in heaven
Im high enough from all the waiting
to ride away when you're in heaven
and im high enough from all the waitin
to ride away when you're in heaven
cuz i love you boy,
cant help but love you, boy
cuz i love you boy,
cant help but love you boy
cuz i love you boy,
cant help but love you boy
