If you pass through this road called life  
You stumble across 'n'uncovering all the lies  
If you get hurt by heartbreaking love  
I come to you like a white peace-dove

If you were No 1, won everything twice  
YouÂ´d broken all kinds of records but still got tears in  
your eyes  
& if your dreams vanished over night  
& youÂ´re feeling small IÂ´ll be there to take your fight

Na na na na, na na na na na  
IÂ´ll be there by your side

When you twist & turn tryinÂ´to find the passed line  
You wanna do right but do wrong all the time  
You fuck yourself up & let everyone down  
IÂ´ll be there to catch you before you hit the ground  
na na na ..

Now everyone YOU carried through turn their backs on  
you  
'Cause you made a mistake & it burns in your brain like  
glue  
But itÂ´s so hard to back down, well you got your pride  
just fill it up, have another shot will get Shitfaced  
tonight na na..
