If you're looking for a good time
& feel a party rising in your body
Those dancin' feet start to move
You want a pound(he he he) & your mind go so "owny"

Come down to the Club of Pigs
come down & start to move those sexy hips
From the North to the South....Piggy dancin'
From the east to the West...Jizzlin' Jazzin'
Cool down enjoy the view or shut up & start dancin'
'too
Come down to the Club of pigs
& start Piggy dancin' with your sexy hips

Well, they may have put a clock on you girl (boy)
& it's never too late to give up
But there's nothin' blowin' in the wind now
& Je ne regrette rien, Bello impossibile Ich liebe dich

Come down to the Club of Pigs
come down & start to move those sexy hips
From the North to the South....Piggy dancin'
From the east to the West...Jizzlin' Jazzin'
Cool down enjoy the view or shut up & start dancin'
'too
Come down to the Club of pigs
& start Piggy dancin' with your sexy hips
