Baby, remember on the bus and my hand was on your knee.

When you love somebody it's hard to think about anything but to breathe.

Baby, I am the cub who was washed out in the flood,  
When you let somebody, bite your tongue all you get is a mouthful of blood.

[first time:] Okay.

[Repeat verse 1]

[second time:] Here we go

Baby, I am the cub who was washed out in the flood,  
When you let somebody, bite your tongue all you get is a mouthful of blood.

When you love somebody it's hard to think about anything but to breathe

When you love somebody it's hard to think about anything but to breathe

When you let somebody and bite your tongue all you get is a mouthful of blood

When you love somebody it's hard to figure out, hard to figure out

When you love someday it's hard to figure out, its hard to figure out

When you love somebody its hard to think about anything but to breathe.
