I'll hold you if you feel you'll fall
I'll hold your hand if you just need a friend
I'll hold the line so you can call
I'll hold the feelings you don't want to end

You know that it's true
When I hold you
There'll be no secrets
I believe it

I'll your tears if you must cry
I'll hold your breath if that won't make you blue
I'll hold the truth if you must lie
I'll hold your joys till you know what to do

You know that it's true
When I hold you
There are no secrets
I believe it

So I will hold on
And if that's not what you're used to
Then I may refuse to hold on
Well maybe that's not what you're used to
How can I refuse you?

I'll hold the train till you get on
I'll hold the mirror so you can fix your hair
I'll hold the pain till it is gone
And I'll hold my ground when people stop and stare

You know that it's true
When I held you
There are no secrets
You must believe it

I'll hold the beating of my heart
I'll hold my breath if you will tell me to
I'll hold the hope that we won't part
I'll hold our deaths so I can live with you

You knew it was true
When I held you
There were no secrets
I believed it

So I will hold on
And if that's not what you're used to
Then I may refuse to hold on
Well maybe that's not what you're used to
How can I refuse you?

So I will hold on
And if that's not what you're used to
Then I may refuse to hold on
Well maybe that's not what you're used to
How can I refuse you?
