Something I never would have known

Not knowing knowledge never enobles

All her ideas were like smoke rings, I had to know things

She was a tangle of questions

How many eggs make up a pound?

How many ears of corn in the niblets?

I was a person who would censor "Pee Wee's adventures"

She was exceedingly liberal

And we fell in love

And the sunshine shone from the sunshine above

Fell in love, whole loaf love

Try not to think while your inside

Just keep your wide eyes wide wide open

I made a meal of the lighting, this was exciting

We had a real urban drama

She always said it again

Just when she'd said it, that's when she'd say it (how's that again?)

She said my pasta was delicious, but repetitious

That kind of thing made me crazy

And we fell in love

And the sunshine shone from the sunshine above

Fell in love, whole loaf love

Take a look around, the sun has gone down

And I've had a good time, have you had a good time?

I've loved without loss, I've put down my cross

You know what I know, an' I'm goin' go

She set my schoolhouse on fire

Down in the fire the angels were singing

Notice a beautiful fire heavenly choir
