Taking every cue from every ad, girl
Hopelessness is easy when it's a fad, girl
And being good is only when you're a bad girl
Whoa-oa, sad girl
And maybe you've got every reason in this mad world
Sad girl
Showing there is nothing you want to be
Rejecting anyone who loves you truly
And holding that expression like it's a duty
Whoa-oa, sad girl
A-What is it that makes you such a beauty?
Once in a while
To hold your head high
Would leave you a sell-out
Resigned to ask why
Devoted to die
When everything that you've been told
By any person that you hold
With any happiness in life
Will give you every reason to lie
Oh oh whoa-oh-oh
Sad girl
Taking every cue from every ad, girl
Depression is romantic when it's a fad, girl
And being good is only when you're a bad girl
Whoa-oh, sad girl
And maybe you've got every reason in this mad world
Maybe, sad girl
A-maybe you've got every reason in this man's world
Sad, sad, girl, whoa-oa sad girl
Sad, sad girl
Whoa-oa sad girl, sad girl, whoa-oa, sad girl
Sad, sad girl
(repeat in various forms)
you got every reason, you got every reason
you got every reason in this mad world
Sad, sad girl (repeat and fade)
