Clem had a daydream, a daydream from heaven  
Picked up the headline, his country was made up of  
singers  
And no more right-wingers

He wakes up to "Homeless are stupid, welfare is stupid  
Private investment, efficiency, cool fiscal plannin'"  
Sounds like more Pat Buchanan

Back in his day job this afternoon  
Unlikely he'll move down to Cuba soon  
Reluctant to find he's stuck in the '90s again

Clem reads of the old days, twenty years goes a long  
ways  
"Challenge the system!" Relating is easy on a demo  
Now they'll send it by memo

'Cause there's no need for the peace sign, post-  
republican "Peace time"  
Join the parade, wave the flag, tell the world it's your  
lackey  
Abbie Hoffman was wacky

Riding the bike to his foreign car  
Burning his mind in his VCR  
Reluctant to find he's stuck in the '90s again  
Reluctant to find he's stuck in the '90s again

and he's lots...  
don't you know what it's like to be lost?  
and older... "tears on his shoulder"  
real men are BOLDER!!

Soon I'll be 30, I don't want to be 30  
I've got some big plans, Goodwill has some big hands  
With each new computer screen, the world tells me I'm  
more green  
Buy a new Game Boy!  
For the fun and the fashion... just for the passion

Back in his day job this afternoon  
Unlikely he'll move down to Cuba soon  
Reluctant to find he's stuck in the '90s again  
Reluctant to find he's stuck in the '90s again

White lies, rich guys hoarding a big prize  
We've got work to do  
Reluctant to find he's stuck in the '90s again
