Tried my hardest to search for the weakness  
I planned for years but now I see so clear  
I seen the line of a thousand points to light  
Impossible you say and I know it's my time

And here's where we get up and go  
Ampn' oughta know  
The further we dig that whole  
Ampn' oughta know

Oughta know  
Oughta know  
Oughta know  
Oughta know

So wake up there friend, we've heard it all before  
And on their way is what we're waiting for  
And here's where we get up and go  
Ampn' oughta know  
The further we dig that whole  
Ampn' oughta know

Oughta know  
Oughta know  
Oughta know  
Oughta know

At first, I thought this ride was so slow  
Sounds an easy problem we know  
Take down from where we started to glow  
And we blow it on the way back home

Oughta know  
Oughta know  
Oughta know  
Oughta know

Ampn' oughta know  
Ampn' oughta know  
Ampn' oughta know  
Ampn' oughta know
