Cut yourself off from the pack
Flat out against the freaks
There's nothin' they won't try
Hot head, heavy foot they meet

It's been so many days
And we tried every way
We knew of a master plan
So put the keys in my hand

In my hand
In my hand

At a time when you would think
All of a sudden it hits the streets
As they're swappin' the big block
Slow-motion, time has stopped

El Camaro never dies
Look closely you'll know why
Outrun 'em you know we can
So put the keys in my hand in my hand

In my hand
In my hand

Hell on wheels is no big deal
Roads burnin' all across the land
Hell on wheels is no big deal

Takin' 'em out of the master plan
Hell on wheels is no big deal
Roads burnin' all across the land
Hell on wheels is no big deal

An idea whose time has come
A land ride for everyone
We've been like this for years on end
We'll let you know where and when

As he splits the road in two
Under-drive we never knew

Outrun 'em, you know we can
So put the keys in my hand

In my hand
In my hand

Hell on wheels is no big deal
Roads burnin' all across the land
Hell on wheels is no big deal
Takin' 'em out of the master plan
Hell on wheels is no big deal
Roads burnin' all across the land
Hell on wheels is no big deal

In my hand
In my hand
In my hand
