

Fucked Up "Reset the Ride"

Visit "[Reset the Ride](#)" on MotoLyrics.com

Step towards the line how close can you before you fall
right in the show me something something new and
original.

I cant help feeling that im holding on with one hand
show me difference something new i cant help it if
youre building something.

I cant help it if im feeling nothing i cant help it if youre
building something.

I cant help it if ive seen it all before show me something
something new and original im holding on with one
hand give me something something to live for
countdown starts from ten when you hit four it all starts
again reset the ride show me something something
new and original im holding on with one hand
something to live for something to die for and its not a
game.
