I've seen you hanging 'round, this darkness where I'm bound

And this black hole I've dug for me  
And silently within with hands touching skin  
The shock breaks my disease and I can breathe

And all of your weight, all you dream  
Falls on me, it falls on me  
And your beautiful sky, the light you bring  
Falls on me, it falls on me

Your faith like the pain, draws me in again  
She washes all my wounds for me  
The darkness in my veins, I never could explain  
And I wonder if you ever see, will you still believe?

And all of your weight, all you dream  
Falls on me, it falls on me  
And your beautiful sky, the light you bring  
Falls on me, it falls on me

Am I that strong to carry on?  
I might change your life  
I might save my world  
Could you save me?

And all of your weight, all you dream  
Falls on me, it falls on me  
And your beautiful sky, the light you bring  
Falls on me, it falls on me

And all of your weight, all you dream  
Falls on me, it falls on me  
And your beautiful sky, the light you bring  
Falls on me, it falls on me
