memories are just where you laid them

drag the waters till the depths give up their dead

what did you expect to find?

was there something you left behind?

dont you remember anything i said when i said

chorus:

dont fall away

and leave me to myself

dont fall away

and leave love bleeding in my hands

in my hands again

and leave love bleeding in my hands

in my hands

love lies bleeding

hold me now i feel contagious

am i the only place that you' ve left to go

she cries her life is like

some movie black and white

dead actors faking lines

over and over and over again she cries

chorus

and i wanted
you turned away
you dont remember
but i do
you never even tried
dont fall away.
