"Last Time"

I'm not the first you've sucked down
I drank your pleasure slow
Then stumbled out from your bed

But still I've come for you tonight
Choke my faith and stab my pride
And tell myself that

This is the last time
This is the last time
This is the last time now
I'll bleed for you
I'll bleed for you

Preservation or predation
As I'm reeling I don't know
Crumbled and spilled out of your head

I want to fall
And you see it all
And you'll just laugh when I say

This is the last time
This is the last time
This is the last time now
I'll bleed for you
I'll bleed for you

And everything I feel, I know you know
And everything that heals, I know you know
And everything that steals, I know you know
And everything that kills, you know

And tell myself that this is the last time
This is the last time
This is the last time now

This is the last time
This is the last time
This is the last time

Now, now, now, now, now
