So here I am with my thoughts of you  
And this world I've left for me  
Stoic faces when I think of you  
And how I once believed  
So now you call me, but you know I won't let you  
through  
I've myself to decieve

So leave the memories alone  
I don't want to see  
The way it is, as to how it used to be  
Leave the memories alone, don't change a thing  
And I'll hold you here in my memory

So I find me in your garden now  
A sad smile for the scene  
And all the flowers that we planted now  
Taken by the weeds  
But in my minds eye, you know they still bloom for me

They stand tall there, in that summer breeze

Leave the memories alone  
I don't want to see  
The way it is, as to how it used to be  
Leave the memories alone, don't change a thing  
And I'll just hold you here in my memory

In my memory, yeah

So leave the memories alone  
I don't want to see  
The way it is, as to how it used to be  
Leave the memories alone, don't change a thing  
And I'll hold you in my memory

You'll never change  
You'll never change  
You'll never change  
You will never change
