Shades of sun in my head
Blistered skin turning red
I can't complain
It's something to do
Cloud my mind and erase you

Since you're gone
All is wrong
Nothing seems the same down here
If you're gone
And I'm alone
Who's heart will I scar down dear?
Fall in
Fall out
Break free
Break down

Feel my legs pushing through
This world I built around you
I know the blame
Is not upon you
But I know the heartless things I choose
Since you're gone
All is wrong
Nothing seems the same down here?
If you're gone
And I'm alone
Who's heart will I scar down here
Fall in
Fall out
Break free
Break down
Why God, can't I die?
One kiss, goodbye

Drag this frown from my face
Force a smile to take it's place
I can pretend that I'm not confused
But I don't need the likes of you

Fall in
Fall out

Break free
Break down
Why God, can't I die?
One kiss, goodbye

Oh, the heartless things are true...
