She calls me from the cold  
Just when I was low,  
Feeling short of stable

All that she intends  
And all she keeps inside,  
Isn't on the label

She says she's ashamed  
Can she take me for a while?

Can I be a friend?  
We'll forget the past  
Maybe I'm not able

And I break at the bend

We're here and now  
Will we ever be again?

'Cause I have found  
All that shimmers in this world  
Is sure to fade  
Away again

She dreams a champagne dream  
Strawberry surprise,  
Pink linen or white paper

Lavender and cream  
Fields of butterflies,  
Reality escapes her

She says that love  
Is for fools that fall behind  
And I'm somewhere between  
Never really know  
A killer from a savior

'Til I break at the bend

We're here and now

Will we ever be again?

'Cause I have found  
All that shimmers in this world  
Is sure to fade  
Away again

It's too far away for me to hold  
It's too far away  
It's too far away for me to hold  
It's too far away, ah ah...

It's too far away for me to hold  
It's too far away, ow

It's too far away for me to hold  
Too far away

It's too far away for me to hold  
Far away, ow

It's too far away for me to hold  
Too far away

Guess I'll let it go...
