The sky was dark this morning  
Not a bird in the trees  
Silence hung suspicious and anxious  
Like a blanket covered scream

You were gone  
You were not there for me  
And I cursed the sky  
And begged the sun to fall all over me

This life's not living, living ain't free  
If I can't find my way back to me  
Let the sun fall down over me  
Let the sun fall down

All my friends are searching  
Quiet, desperately  
Look into their eyes you'll see the faithless crying  
Save me, save me, save me

What are they to feel?  
Who are they to be?  
What am I to do with, do with me?

Just let the sun fall all over me  
This life's not living, living ain't free

If I can't find my way back to me  
Let the sun fall down over me  
Let the sun fall down

Until my eyes cry out  
'Til my head is free from doubt  
'Til my lungs sigh right out  
'Til I'm wiser

Let the sun fall all over me  
This life's not living, living ain't free  
If I can't find my way back to me  
Let the sun fall down

Let the sun fall all over me

This life's not living baby, living ain't free  
And if I can't find my way back to me  
Let the sun fall down over me  
Let the sun fall down over me  
Let the sun fall down over me  
Let the sun fall down over me
