Slaughtered the innocent and slaved the weak  
your horrible mind is now confined  
Convicted of murder under trial by fire  
no way out this misery  
Sentenced to death by a massive controller  
life on death row awaits you  
condemned to a death watch cell  
your judgment of death has just begun

Now!  
you will face your fate  
By your own hands  
Within the abyss!

Locked up in a sinister dungeon  
never to rise from this abyss  
your mind starts to wither away  
eternal blackness touches your soul  
Slowly you start rotting in terror  
your frigid body becomes weak.  
The chamber awaits as the keeper calls  
your judgment day has now come

now!  
you will face your fate  
By your own hands  
Within the abyss!

At last the day has come  
the day to face your death  
walking beside the executioner  
shackled hearing his whispering commands

Arriving! To your final domain  
strapped down to the death machine  
left to die to your surprise  
you defy the death machine

left to die!!!

Left to rot forever

scream to be released  
no one here to save you  
as the rats have a bloody feast!
