Big boys dont cry
Big boys dont cry
Big boys dont cry
Big boys dont cry
Big boys dont cry
Big boys dont cry
Big boys dont cry
Big boys dont cry

so many memories,
so many times that we've been through,
you was my first love that i met at my first day at
school,
we shared our secrets and we promised we would
never lie (never)
i never thought i'd see the day that you would say
goodbye,
you've gone and left me now your dating mr. popular
guy,
both know i've met you hopin' that you'd give me one
more try,
when im alone at nighti have your picture by my side,
gotta hold my tears inside cause i dont want to lose my
pride,

Big boys dont cry(thats what momma says)
Big boys dont cry(that big boys dont cry)
Big boys dont cry(so wipe your tears from your eyes
dont cry)

you look so good together and he always makes you
smile,
got so much more to give(to give)
hes even got the best of style,
its like ive lost the part of me that i just cant get back
through,
no matter what i try i cant seem to get back on track,
in the playgroud i have to sit and watch you play,
its makes me miss you more and more every single
day,
when im alone at nighti have your picture by my side,
gotta hold my tears inside cause i dont want to lose my

pride,

Big boys dont cry(thats what dad says)
Big boys dont cry(that big boys dont cry)
Big boys dont cry(so wipe your tears from your eyes
dont cry)

Big boys dont cry(all the guys are sayin)
Big boys dont cry(all the girls are sayin)
Big boys dont cry(cant let my feelings show but
sometimes its hard you know)

OK i haven't cried though im crying deep inside,
my eyes can lie but my heart wont let my feeling hide,
they say that big girls and that big boys never ever cry,
but hold their tears inside cause they dont wanna lose
their pride

Big boys dont cry(thats what i keep on hearin')
Big boys dont cry(that Big boys dont cry)
Big boys dont cry(that Big boys dont cry)
Big boys dont cry
Big boys dont cry(all the girls are sayin)
Big boys dont cry(all the guys are sayin)
Big boys dont cry(cant let ma feeling show but
sometimes its hard you know)
YO, just another story of mine,
so remember,
Big Boys Dont Cry!
