[Chorus]

I think I've got a crush crush
I've got a crush
I think I've got a crush crush
Crush on you

[Verse 1]

Yeah, uh

Look gee she's so predictable
So true she's unbelievable
And I ain't talking about a superhero
But trust this girl she's so invincible

And she her own girl unconditional
Light skin now she the principal
'Cause whenever I'm down, she's always around
To tell me anything's achievable

And when I'm on the road doing shows
She's always telling me she feels so alone
But we ain't even links up yet
But still somehow she's up on my phone line

[Pre-Chorus]

Oohwie baby your driving me crazy
I'm trapped in your web
Won't you come here and save me

[Chorus]

I think I've got a crush crush
I've got a crush
I think I've got a crush crush
Crush on you
(repeat)

[Verse 2]

Uh uh work it out work it out work it out girl
Work it out work it out work it out girl
Don't stop 'til the beat come on now
Work it out work this your song girl

Haha, but she no but be playin'
Most times we don't care what we sayin'
'Cause she's got a place in my heart
And we both know that there's no restaying

But I ain't gonna tell her that yet
It's way too soon I gotta make her sweat
We both know she's gonna be my girl
But I wonder how long 'til she's into my world

'Cause when I'm on the road doing shows
She's always telling me she feels so alone
But we ain't even links up yet
But still somehow she's up on my phone line

[Pre-Chorus]
Oohwie baby your driving me crazy
Don't holla my friends
I'm gonna be your lady

Said oohwie baby your driving me crazy
I'm trapped in your web
Won't you come here and save me

[Chorus]
I think I've got a crush crush
I've got a crush
I think I've got a crush crush
Crush on you
(repeat)

[Bridge]
Swing on your mind and see me
And maybe we can chill and wine watch a movie
Look up and watch the stars come shine, it's destiny
You know that we should spend some time, just you
and me

I think I've got a crush crush
Work it out work it out work it out girl (2x)
Don't stop 'til the beat c'mon girl
Work it we'll finish this song girl

[Chorus]
I think I've got a crush crush
I've got a crush
I think I've got a crush crush
Crush on you
(repeat)

I've got a crush on you

And everything you do
You got me going crazy
Won't you be my baby
(repeat)
