Last Chance for a Slow Dance"

by Fugazi

from the album "In on the Kill Taker"

(c) 1993

Coughing inside your coffin

like at the bottom of the sea

inside you're breathing

too numb for asking

so I will leave it outside your door

warning the threat of morning that just extends you
another day

some lights were shining

not much for seeing

but you'll be leaving the way you came

shot shooting shot shot shot

shooting yourself again for what

to taste all the waste

flare fakes a flower

a burnt-out shower

no one can see

you were needing too shy for asking

so I will leave it outside your door
pulse stalls uncut but clotted
when you had thought it would force a flow
some lights were shining
not much for seeing
but you believe in the way you came
