I am devine
Chizled frame, charming mind,
Smirk cheeks and laughs
Lazy smiles in seamless halves

Don't wait just sleep
And ride in limbo
Us boys and girls
We let go yeah we let go

Cuz it's so easy to love yourself
It's so easy and fine, fine
It's so easy to love yourself
All of the time
It's all of the time

I am amazed
Lost for words, but twice rephrased.
Caution my sprite
Give us love, give us light

Don't wait just sleep
And ride in limbo
Us boys and girls
We let go yeah we let go

Cuz it's so easy to love yourself
It's so easy to find pride
It's so easy to love yourself
All of the time
It's all of the time

It's so easy to love yourself
It's so easy and fine, fine
It's so easy to love yourself
All of the time
It's all of the time
