Sweet cream ladies, forward march  
The world owes you a living  
Sweet cream ladies, do your part  
Think of what you're giving

To the lost and lonely people of the night  
Out of need, they seek direction for their life  
They will love you in the darkness  
Take advantage of your starkness  
And refuse to recognize you in the light

Sweet cream ladies, forward march  
Think what you're providing  
Sweet cream ladies, show your starch  
What's the use of hiding?

Tell the socialites to look the other way  
It's instinctive stimulation you convey  
It's a necessary function  
Meant for those without compunction  
Who get tired of vanilla every day

Sweet cream ladies forward march  
Puritans ignore them  
Sweet cream ladies do their part  
Sweet cream men adore them

Let them satisfy the ego of the male  
Let them fabricate success to those who fail  
And should penalties pursue them  
When there's really credit due them  
They might keep a simple fellow out of jail

Sweet cream ladies, forward march  
Sweet cream ladies, forward march  
Sweet cream ladies, forward march
