Mista Mista
Can I get five dollars
So I can get something to ea
HELL NO MOTHERFUCCA
You can't get no money from me
Cause everytime I give you a dollar
You go get shot up with more and more needles
And you tell me that you're drug free
MOTHERFUCCA
You ain't drug free, You're a fiend
And everytime I try to help You
You pretend as if it's okay
Then later on in the week
You go back to shootin' needles, to sniffin'
Oh motherfucker, but you told me you were DRUG FREE
DRUG FREE
You ain't drug free matherfucka
So you damn well, can't get no matherfuckin' money
from me.
